

NO SCRAP.

Mayor Lang Says He Will Stop the Glove Contest Announced for Tonight.

Mayor Lang this morning made an investigation of the law governing "prize fights" and decided that the glove contest at the Athletic club rooms between Louis Heller, of Cincinnati, and Alabama Kid, of Birmingham, cannot be pulled off tonight. "I have given instructions to the police to stop the fight," he said. "The law, in my opinion, is very plain, and says that a prize fight for a purse, for stakes or anything else, or by any other name, is a violation of the law, and in addition to the heavy penalty prescribed for a violation of the law, it specifies that any officer who shall permit such a fight shall be fined \$500 and forfeit his office."

"I am reasonably sure that these men are not going to fight for nothing, and if they get anything at all, it brings the contest, or whatever they call it, under the law I have just read."

Among the officers specified in the law as those whose duty it is to see that no such fights are permitted to take place is the mayor of a city, which is what prompted Mayor Lang to take the step he did.

These fights are held in other cities in Kentucky, and it is not understood why they can't be held here. A great deal of interest was being aroused in athletics here with a prospect of reorganizing the Athletic club, but this will probably cast a damper on it all.

JUDGE GOODNIGHT WILL BE LYNCHED

HE IS AT THE POINT OF DEATH WITH LITTLE HOPE.

One of Kentucky's Most Prominent Men—Candidate for United States Senate.

Franklin, Ky., July 22.—Judge I. H. Goodnight is at the point of death in this city, with little or no hope of his recovery. He is afflicted with typhoid-malarial fever. His pulsation is 121 and respiration 195. He has been confined to his bed four weeks. His real condition was made public Saturday.

Judge Goodnight is 52 years old, a member of the Cumberland Presbyterian church and one of the richest men in this county. He is a fine lawyer and has been retained in every important lawsuit in this county for twenty years. He represented the Third district in congress for six years, and ranked among the highest Democrats in the house, having been placed on the judiciary, pension and other important committees. He is circuit judge of this district and a candidate for United States senator to succeed DeLoe.

MACHINERY SOLD.

A PORTION OF THE CUMMINS WILL BE SENT TO JEFFERSONVILLE.

This morning one of the boilers on the ill-fated Cummins, which sank in Tennessee river about three months ago, was taken to Cairo to be placed on the Henrietta and Wednesday the remainder will be taken to Jeffersonville to be placed on one of the new boats probably to be built by the company.

It is said that the cost of building boats like the Clifton is \$10,000 greater than it was two years ago when she was built. It doesn't seem to be definitely settled what the company is to do about the reported two new boats it is to build at Jeffersonville, but it will probably build them.

THREE BURNED.

FATAL MISTAKE OF A MOTHER IN PENNSYLVANIA.

Pittsburg, Pa., July 22.—Mrs. Ratza attempted to light a fire with coal oil this morning and as a result she and her three children were burned to death.

GUSHER STRUCK.

GREAT EXCITEMENT AT SUNNY SLOPE, KY.—100 BARRELS A DAY.

Louisville, July 22.—There is great excitement over the striking of a big gusher at Sunny Slope, Ky., spouting 100 barrels daily.

STREET FIGHT.

PROMINENT PEOPLE FIGHT AT BOWLING GREEN TODAY.

Bowling Green, July 22.—James Higginbotham shot and killed William Hines today in a street fight. They are both prominent men.

JUDGE BARR BETTER.

Judge John W. Barr, formerly United States judge of this district, was stricken with paralysis Saturday at Louisville, but the attack was mild, and he is now able to walk about. His many friends here will be pleased to learn that his illness is not serious and that the indications are that he will soon recover.

CORN GOES TO 59.

Chicago, July 22.—Corn went to fifty-nine today.

BAD BURNS

An Illinois Central Clerk Appears in the Role of Hero.

HE SAVED A FRIEND

As a Result One Hand Was Baked and Another Badly Burned Last Night.

MISS WILLIAMS PAINFULLY INJURED

Mr. Charlie Harton, of 913 Broadway, the shipping clerk in the local I. C. store house, was badly burned last evening as a result of a heroic act in saving a young lady friend from a serious injury and probable death. Mr. Harton and Miss Maggie Williams, of 110 Clay street, the well known employee of the Eley Dry Goods Co., called on a friend, Miss Laura Pettor, of Jones street, last evening and while sitting on the veranda a lamp in the parlor caught fire and shot a blaze nearly to the ceiling. Miss Pettor ran into the room, seized the lamp and attempted to throw it out into the yard. She accidentally struck Miss Williams' hip with the lamp as she hurried from her and the hot oil spread over her dress and ignited. In an instant she was enveloped in flames.

Mr. Harton seized her and after hard work succeeded in extinguishing the dress, but not until after it had burned almost entirely off. Mr. Harton's right hand is literally baked and his left hand is slightly burned. Miss Williams suffered a severe burn on her right arm and elbow. Dr. Hossig attended her.

In addition to a dress two undershirts were burned off.

Mr. Harton is now at the Illinois Central hospital and is much improved today. He is quite a hero, and his many friends will wish him a speedy recovery.

DEATH AT ST. JOHN'S.

MRS. JOSEPHINE WURTH'S MOTHER DIES AT HER HOME IN THE COUNTY.

Mrs. Mary Weitz died at the home of her son in St. John's of a paralytic stroke and old age, being 81 years old. She was born in Alsace, Loraine county, France, and came here thirty years ago and resided with her children in San Antonio, Tex., ten years, her husband having died twenty-six years ago. She leaves five daughters and three sons and forty-two grand children and one great grandchild. Funeral was held yesterday evening at St. John's Catholic church by Rev. Father Auer.

One daughter, Mrs. Josephine Wurth, of the city.

BIG RALLY.

COLORADO BAPTISTS HAVE A HOT TIME, BUT RAISE \$1,400.

Yesterday was a warm time for an all-day church rally, but this is what the members of the Colorado Baptist church had. They kept up the rally all day, and raised \$1,400 to pay off the church debt.

EXCURSION TO OWEN'S CAVE.

The Woodmen of the World excursion to Owen's Cave yesterday was a success in every way and the lodge reaped a rich harvest from the venture. There were about 400 persons aboard and there was only one case of illness resulting from the heat. The lodge is very much encouraged by the success of the excursion and will probably give another soon.

ONE FIGHT ON THE COLORED EXCURSION TO CAIRO

Yesterday—Harry Brown Was Chopped by Clarence Gaines—Injury Not Fatal.

Harry Brown, colored, an employee at the Leigh Fruit company, was chopped in the head yesterday on the Wabash's excursion to Cairo. He and Clarence Gaines, according to eye-witnesses, had some trouble over the place one of them was sitting with a woman, and Brown claims he understood the affair had been settled when Gaines went down and secured a hatchet, and returning slipped up behind him and chopped him in the head. He is not thought to be seriously hurt, although a deep gash several inches long was cut in his head. Gaines was not arrested.

DEATH FROM CONSUMPTION.

Miss Annie Lee, aged 16, of the Maxon's Mill section, died today from consumption after a lingering illness. She was daughter of Mr. "Buck" Lee, and her death is greatly deplored by a large circle of friends. The funeral took place this evening.

POLICE PICKINGS

Judge Sanders Has Offenders on All Sorts of Charges in Police Court Today.

RED HUBBARD'S TROUBLE

Two Negroes Charged With Maliciously Shooting at a House Near Eighth and Jackson.

GENERAL FINES ASSESSED BY COURT

Red Hubbard, a well known railroader, was arrested yesterday afternoon on a charge of maliciously assaulting James Christopher, bartender at Wagner's saloon at Fifth and Norton streets. It is believed that Christopher, who is at Pritchett's boarding house, will die. His skull was fractured by the blow struck by Hubbard, who used a plank with an iron hinge on it.

Hubbard was arrested and his bond fixed at \$5,000, which he failed to give. He stated to a reporter that Christopher called him a son of a b— and he went out and got the plank and came back, and asked him if he said it and when Christopher repeated it, he struck him. Hubbard has been in trouble before, and once struck Mr. M. W. Clark, the ex-councilman, in the head with a poker at the old union depot. He formerly lived in Mayfield.

Mrs. Emma Oment, who resides on Norton street, was this morning arrested on a charge of being an accessory to the assault. The case was continued until Wednesday.

An operation was performed by Drs. Robertson and Floyd yesterday, portions of the bone being removed, a good case of trepanning resulting.

There was a very much mixed affair Saturday night near Eighth and Jackson streets. As a result Will Harris was arrested for maliciously shooting at another and Hester Crutchenfeld, colored, for maliciously shooting at Will Moss of Mayfield, who was the only one left in the house when the officers arrived. The cases were continued until tomorrow.

A breach of the peace case against Isaac and Bettie Scott, colored, was called and the case against the woman dismissed and against the man continued.

Clarence Freeman, for a breach of the peace, was fined \$10 and costs.

A breach of the peace case against Ed Griffin and Will Johnson was heard and left open.

Becky Price was fined \$20 and costs for using insulting language on the streets.

In a breach of the peace against Dave Cottrell and Harry Billings, a fine of \$5 and costs was assessed against Cottrell and the other was acquitted.

Pete Ross was fined \$1 and costs for a plain drunk.

ARM BROKEN.

PAINFUL ACCIDENT TO MRS. MARY COLE, OF WORTEN'S ADDITION.

Mrs. Mary Cole, of the Worten addition, tripped over a piece of wire yesterday evening and fell to the ground breaking her right arm. Dr. Sanders was called and dressed the injury. The fracture is a very bad one and will take some time to heal.

WANTED.—An expert lady stenographer and typewriter. None other need apply. Address, with references, X. Y. Z., care of this paper. 32 o 5

GETS WORSE

Yesterday All Records Were Broken and Humanity Suffered.

IT REGISTERED 108 HERE

This is the Thirty-Third Day of the Excessive Heat, and the Start Was Warmer Than Yesterday.

NO RELIEF IN SIGHT YET

The mercury went on a rampage right yesterday, and threatened to knock the skylight out of the thermometer. It soared higher and higher until about four o'clock it went to 108, the highest there was any record of here until today.

If it ever went that high before, it must have been before the time of Capt. Joe Fowler and the other abolitionists.

The day before the highest was 106½, which was the record until yesterday. Observer Bornemann sees no relief in the predictions. There is a change in the moon tomorrow, but Capt. Joe Fowler says there was no rain when it changed last month, and he knows no reason why there should be this month. These are times, he says, when the signs he had believed in for years fail.

The following is the maximum temperatures on the dates named, and this is the thirty-third day of the drought, the average temperature being over 100 degrees.

June 10, 97.	11, 96.
12, 93.	13, 93.
14, 89.	15, 89.
16, 100.	17, 99.
18, 91.	19, 95.
20, 95.	21, 100.
22, 102.	23, 102.
24, 101.	25, 101½.
26, 98.	27, 101.
28, 102.	29, 102.
30, 100.	July 1, 99.
2, 101.	3, 102.
4, 101.	5, 87.
6, 96.	7, 93.
8, 83.	9, 92.
10, 100.	11, 106.
12, 102.	13, 95.
14, 96.	15, 101.
16, 100.	17, 102.
18, 97.	19, 104.
20, 106½.	21, 108.
22, 109.	

The market continues to suffer from the heat and drought. One farmer and gardener said today:

"If we had a rain now some of the late stuff might be saved, but much has already been ruined and nothing could save it. Why, yesterday the hot wind simply withered much of the corn. You have no idea how quickly some of it was burned up. Everything is suffering and there is no relief in sight."

This morning the temperature was 78, one degree higher than the lowest yesterday.

This afternoon at 2 o'clock the government thermometer went to 109 and was still rising. So far there has been only one precipitation and that a very light attack. Mrs. A. L. Lassiter was overcome by heat this morning but this afternoon is much improved. The physicians say that the cause of so few prostrations is that the people are taking care of themselves and are staying in the house as much as possible.

"Very few people are subject to the extreme heat if they will keep within doors as much as their business will permit," one doctor remarked, "and I advise all my patients to do this. To this I attribute the scarcity of heat prostrations and think it is about as good or plausible reason as could be given."

NO CHANGE.

THE STRIKE SITUATION IS THE SAME AS LAST WEEK.

Pittsburg, July 22.—There is no change today in the strike situation, and both sides seem to be satisfied with the trend of events. All is quiet and there has been no trouble of any description.

TIE GAME

The Wood Workers and Iron Workers Have a Close Contest at Rowlandtown.

6 TO 6, TEN INNINGS

There is Less Sickness in the Hospital Than Usual at This Season of the Year.

INTERESTING NOTES OF THE RAILROAD

The Iron Workers and the Wood Workers of the I. C. shops here, met in a match game yesterday at Rowlandtown and played perhaps the best and most interesting game of the season. The score was 6 to 6, a tie, and the teams played ten innings, stopping only from sheer exhaustion. The game was witnessed by a large crowd and both teams had rooters to spur them on. The game had plenty of ginger all the way through, and was perhaps the cleanest amateur game of the season. Another game will be played soon, probably next Sunday, and will no doubt be witnessed by a large crowd of spectators. Both teams are well matched and will put forth their best efforts to win out in the next game.

The sickness in the local I. C. hospital is very light. This is a very remarkable thing, taking into consideration the extreme hot weather. Last year there was possibly more sickness at this time of the year than at the present time.

Chief Clerk Charles Sugars, of the yard master's department, went to Saylor Springs, Ill., last night on a two week's vacation. The following is the change up during his absence: Frank Kenes is acting chief clerk and night checker Stevens is day till clerk, substituted for Kenes; Pete Boudles, the day checker, is on at night and Mr. C. Hunter, of Princeton, is on as extra clerk.

The New Orleans and Northeastern, which extends from Meridian, Miss. to New Orleans, 165 miles, is to be foreclosed and sold. It will become a part of the Southern railway.

The Pullman company is now over-taxed for cars, so heavy is the business on the trunk lines, and particularly to Buffalo. Every car that can be brought into requisition is now in use.

Mr. Lee Melton, of the I. C. round house is in the hospital ill.

Mr. P. Galvin, roadmaster of the Louisville division of the I. C., was in the city yesterday.

The I. C. pay car left for the Louisville division this morning at 8:30 o'clock.

Chief Clerk Charles Morris, of the Master mechanic's department, arrived in the city yesterday from Dawson. He is still unwell and may go to the springs again.

Master Mechanic Barton went to Central City yesterday and returned last night.

The section men employed by the railroads at Columbus, Ohio, demanded \$1.50 a day instead of \$1.25. The Pennsylvania compromised by paying \$1.35, but the other roads have not granted an advance as yet.

TRANSFERS TO THE POOR FARM.

As forecasted in The Sun several days ago the following patients of the city hospital have been transferred to the county hospital. Mrs. Mollie Potts, Mrs. McKinney and Nora Wornick. There was a colored patient also transferred. Marie Wilson, who has been in the city hospital for several months was sent to Hot Springs yesterday. She was accompanied by her mother. The girl is in a very bad condition and it was advised that the trip was the only thing that will help her.

MEET SOON.

The Prohibitionists Are Preparing to Put up a Fight Here—Convention Saturday.

The Prohibition party will hold a convention in Paducah Saturday at 2 o'clock at the county court house to nominate and pass on the already nominated candidates for the senate and legislature. The first business up will be the nomination of a candidate for the senate and the Rev. J. D. Kirkpatrick, of Epperson, will be nominated. There are several favorably spoken of candidates for representative but the names will be selected this week before the convention. This will be the first Prohibition convention for the purpose of electing representatives and senators ever held in the district and will no doubt be well attended. It is possible however that the convention will meet and then adjourn until a later date but not a certainty.

So far the party has nominated Rev. R. R. Marshall, of Kuttawa, candidate for legislature from the counties of Marshall and Lyon, J. W. Blessing, of Arlington, candidate for legislature from the counties of Carlisle and Ballard. Those are all that have been nominated and the remainder of the nominations will be made at the convention Saturday. A partial ticket has been made for the First district in Carlisle and Marshall and the full ticket will be made Saturday. As many as twenty candidates have been nominated for the legislature in other districts and this district will complete the full ticket. There will be a good attendance from the outside parties, and the convention promises to be a success in every manner.

JAWS DISLOCATED.

AN UNUSUAL AND PAINFUL ACCIDENT TO MRS. CLARK.

Mrs. Clark, of 715 Jones street, could not sleep well last night on account of the excessive heat and about 4:30 o'clock this morning turned over in her bed and awakened from a dose. She opened her mouth to yawn and when she attempted to close it again was unable to do so. She then realized that her jaw was dislocated and Dr. Hossig was summoned. She was in very bad straits until he arrived and set the jaw back in its place. The accident caused the lady no little pain until the physician arrived, but she is now better.

GOOD WATER.

A HEADER DISCOVERED AT THE ICE FACTORY YESTERDAY.

Mr. Frank Rieke, manager of the ice factory, is treating his friends to the best water they ever had the pleasure of enjoying. It comes from one of their five wells down on the river bank, and is artesian water that comes out in a steady stream from a depth of 167 feet. The water is clear and cold, and in unlimited quantities, and every day many people go down to partial relief.

A man's conscience seldom troubles him when there seems to be no danger that his wife will find out about it.
